HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: We are two girls, 22 and 24 years of age, and have some questions for you.

(1) Do you think one can love with true love more than once?

(2) Does distance lend enchantment or does time lessen one's love?

(3) I am in love with a man 25 and he seems to think of me as a sister. He has told me that he is deeply in love with a girl 16 years old. Do you think a man that old can love a girl that young?

(4) A nice looking and nice acting man owns a restaurant. We are acquainted with him and he often talks to us. How can we win his affection?

(5) A man comes to our house every day and often brings candy and other things. He is gentle with us. Should we tell him not to come, or is it all right? He is a married man.

(6) Is there any sure way of knowing when two are rightly mated?

MARVINE AND MAXINE.

(1) Yes. One's ideals are constantly changing, and the loves of different stages in life may be equally true.

(2) I am afraid that time and distance lessen love.

(3) He probably loves her now, but I do not believe that his love for her will last. Be a true little sister and he may find that he would like to have you for something more.

(4) I would not counsel trying to win his affection.

(5) Have nothing to do with this man.

(6) If two persons are in perfect harmony with one another and love the same things, they may consider themselves rightly mated.

Dear Mrs. Thompson: We are two chums and we would like to ask a few questions.

(1) Is a girl too young to go with a fellow 12 years her senior?

(2) We are both 16, and we should like to know how to wear our hair.

(3) How can I go with a boy when he goes with another girl? I know he likes me and I also like him.

(4) I do house work in my own home and my hands get gritty. Will that remove the scar.

She was presented with a nice remembrance from the girls. Musical numbers were given by Miss Suzanne Mehan and Harry Thorn and remarks were made by Father Francis Parke, Mrs. Walter Rues and Miss Rose McHugh. A light lunch was served and the affair was very pleasant.

SOCIAL ANNOUNCEMENTS.

The young men of the Edgewood Baptist Sunday school will give a hard times box social Thursday evening at 7:30 at the church. A series of games has been arranged and a playlet "The Village School on Declaration Day" will be given by the young men with J. C. Steen as teacher. The public is invited. The unusual feature of the affair is that the boxes are to be supplied by the men and boys and bought by the girls.

STUFFED PEPPERS.

Parboil the peppers, cut them in two, remove seeds and stuff with rare roast beef, minced, and mixed with cooked rice. Cover with buttered crumbs and place them in a baking pan. Bake 20 minutes, basting occasionally with melted butter or with stock. Serve on small, thin pieces of toast.

LENTEN DISHES.

Thick Rice Soup—Two pint water or stock, salt and pepper to taste, two small onions, two tablespoons butter, one cup rice, one cup canned tomatoes or four fresh ones. Wash and drain rice. Heat butter in sauce pan, add rice and stir constantly until a golden brown. Now add water, onions, tomatoes and seasonings. Cook slowly one hour.

Cracker Dumplings—Half pound oyster crackers; crisp them in oven for a while, then roll fine, add pinch salt and lump butter size of hazelnut; pour over and stir into crumbs enough boiling water to moisten thoroughly. When cool, add one well-beaten egg and with your hands form into balls about one inch in diameter. Drop them into kettle of boiling water and let boil steadily ten minutes. Meanwhile brown a little butter, take up dumplings into hot dish and pour butter over. These can be put in a soup just like you would the flour dumplings.

Light Omelet—For each egg allow one-fourth teaspoon salt, dash of pepper, and one tablespoon milk or stock. Beat yolks and whites separately. Fold whites into yolks, add milk and seasoning. Turn into buttered frying pan. When brown on bottom place in over till top is set. Fold and serve at once. Chopped ham, oysters or cooked chicken livers may be added.

Ox-Eyes—Cut bread into round, removing a little from center of each; toast lightly, place on pan and moisten with hot seasoned milk. Break egg into each cavity and place in oven till set.

WORTH KNOWING.

To Guard Against Fake Inspectors—Cut colored reproduction of badges worn by employees of gas and electric light companies from the circulation mailed to every home at some time in the past and paste the same just inside the surface door. On each copy is the number of your meter. When an inspector calls, just glance at the "badge" pasted on the wall and then ask him for the number of your meter.

To Remove Grease From Motor Coats—Rub a little lard on each grease spot; let stand a short time before washing, then rub out in lukewarm water and soap. Rinse well and hang on coat hanger to dry.

When cleaning mopboards, the wall adjoining may be protected by using a piece of cardboard held against upper edge of mopboard. This allows the cleaning cloth to soil the cardboard instead of the wall.

In wiping up hardwood or any varnished floor, pour a few drops of kerosene in the warm water, instead of soap. This will leave the same gloss on the floor as before, while soap eats the varnish.

Chocolate Pie—Make rich pie crust and bake it in quick oven. Grate one-half tea cup chocolate and put in pan with one cup water (boiling). Butter size of an egg, one tablespoon vanilla, one cup sugar, beaten yolks of two eggs, one tablespoon corn starch dissolved in a little water. Mix well and cook in double boiler until thick, stir-
